La nostra Storia

Da oltre 60 anni sviluppiamo soluzioni in plastica per trasportare, organizzare e proteggere le attrezzature dei nostri clienti. DNA italiano. Spirito internazionale.

Fondata nel 1962 come un piccolo laboratorio familiare, Panaro si è evoluta nel corso degli anni aumentando in modo esponenziale la propria gamma di prodotti. Oggi siamo un'azienda forte e strutturata. Progettiamo e sviluppiamo soluzioni innovative per differenti settori di mercato del packaging, della pesca, dell'hardware e dell'equitazione.

The Story

We have been developing plastic solutions to carry, organize and protect our customer's gear for over 60 years. Italian DNA. International spirit.

Founded in 1962 as a small family workshop, the company has evolved throughout the years and has continuously expanded its product range. Today Panaro is a full service company, offering design, development and manufacturing services. We are able to create innovative solutions for packaging, fishing, hardware and equestrianism markets.

Unsere Geschichte

Seit über 60 Jahren entwickeln wir Kunststofflösungen, um die Ausrüstung unserer Kunden zu transportieren, zu organisieren und zu schützen. Italienische DNA. Internationaler Geist.

Gegründet im Jahr 1962 als kleiner Familienbetrieb, hat sich das Unternehmen im Laufe der Jahre stetig weiterentwickelt und sein Produktsortiment kontinuierlich erweitert. Heute ist Panaro ein Full-Service-Unternehmen, das Design-, Entwicklungs- und Fertigungsdienstleistungen anbietet. Wir sind in der Lage, innovative Lösungen für die Bereiche Verpackung, Fischerei, Eisenwaren und Reitsport zu schaffen.

Notre Longue Histoire

Depuis plus de 60 ans, nous développons des solutions plastique pour transporter, organiser et protéger le matériel de nos clients. ADN italien. Esprit international.

Fondée en 1962 comme petit atelier familial de fabrication de boites en plastique, la société a évolué au fil des années et n'a cessé d'élargir sa gamme de produits. Aujourd'hui, Panaro est une société de services complète proposant des services de conception, de développement et de fabrication. Nous sommes en mesure de créer de solutions innovantes pour les marchés de l'outillage, de l'emballage, de l'équitation et de la pêche.

Valigie ermetiche / Watertight cases / Wasserdichte Koffer / Valises étanches

MAX[®]

Le valigie MAX Cases sono certificate IP67, ATA 300, abilitate alle norme STANAG 4280 e DEF STAN 81-41 e codificate NATO (NSN). L'eccezionale resistenza ad urti, polvere ed agenti atmosferici rende queste valigie ottimali per molteplici campi d'applicazione tra cui sicurezza, forze dell'ordine, militare, caccia e outdoor, nautica, fotografia, broadcasting e diversi altri settori dell'industria manifatturiera.

MAX Cases are our watertight line, which was created to offer superior protection from the elements, water, dust and impacts when transporting fragile and valuable objects. IP67 rated, ATA 300 cat. 1 certificated and military tested according to STANAG 4280 and DEF STAN 81-41 make these cases suitable for a wide range of applications such as marine, photography & broadcasting, scuba diving, outdoor sports, medical, military, special corps and even the manufacturing industry.

Unsere wasserdichte Produktreihe „MAX Cases“ bietet einen hervorragenden Schutz vor Witterungseinflüssen, Wasser, Staub und Stößen während des Transports zerbrechlicher und wertvoller Gegenstände. Aufgrund der IP67-, ATA 300- und Militäرزertifizierungen eignen sich diese Koffer für eine breite Palette von Anwendungen wie z.B. Marine, Fotografie, Rundfunk, Tauchen, Outdoor-Sport, Medizintechnik, Militär, Spezialeinheiten und sogar Fertigungsindustrie.

MAX CASES est notre gamme étanche, conçue pour offrir une protection supérieure contre les éléments : l'eau, la poussière et les impacts, lors du transport d'équipements fragiles et de grande valeur. Les certifications IP67, ATA 300 et militaires rendent ces valises de transport adaptées à un large éventail d'applications telles que le secteur nautique, la photographie et la radiodiffusion, la plongée sous-marine, les sports de plein air, le médical, l'armée, les forces spéciales, l'emballage et l'industrie.

EKO Series

La rivoluzione è arrivata. Nuova linea di valigie ermetiche dal design innovativo ed in plastica 100% riciclata. Leggere e resistenti ad urti, spruzzi e polvere, le valigie della serie EKO sono il giusto compromesso tra le soluzioni di imballaggio standard e le valigie ermetiche professionali.

- Design unico per soluzioni commerciali e di rappresentanza.
- Leggere e maneggevoli per un packaging funzionale ed accattivante
- Resistenti ad urti, polvere e spruzzi d'acqua per gli utilizzi in outdoor
- Imballo sostenibile

The revolution starts here. New line of weather resistant sleek and innovative cases made from 100% recycled plastic. Light weight, durable to impacts and resistant to water & dust, the EKO Series is the right balance between standard packaging solutions and professional watertight cases.

- Unique design for commercial and agent solutions
- Light and handy for functional and attractive packaging
- Resistant to water, dust and impacts for outdoor use
- Sustainable Packaging

Die Revolution beginnt hier. Eine neue Linie von witterungsbeständigen Koffern mit einem innovativen Design, aus 100 % recyceltem Kunststoff. Die leichten, stoßfesten, gegen Wasserspritzer und Staub beständigen Koffer der Reihe EKO sind der richtige Kompromiss zwischen einfachen Verpackungslösungen und professionellen, wasser- und staubdichten Koffern.

- Einzigartiges Design für gewerbliche und repräsentative Lösungen.
- Leicht und handlich für eine praktische und attraktive Verpackung
- Schlagfest, staub- und spritzwassergeschützt für den Outdoor-Einsatz
- Umweltfreundliche Verpackung

La révolution est en marche. Nouvelle gamme de valises, élégante, innovante et résistante à l'eau, fabriquée à partir de plastique 100% recyclé. Légère, robuste et étanche à l'eau et aux poussières; la gamme de valises EKO offre un juste équilibre entre une solution d'emballage standard et une valise étanche technique.

- Design unique et affirmé pour valoriser son contenu
- Légère et pratique pour un emballage fonctionnel et séduisant
- Résistante aux chocs, étanche à l'eau et aux poussières pour une utilisation en extérieur
- Emballage Durable

RATING

- Guarnizione ermetica
- Valvola automatica di pressurizzazione
- Chiusure di sicurezza a doppio step con pulsante
- Manico morbido ad alta ergonomia
- Doppia predisposizione lucchetto
- Predisposizione cintura a tracolla
- Sistema di impilabilità
- Corpo leggero e resistente agli urti
- Coperchio serigrafabile
- Spugne cubettate nel fondo e bugnate nel coperchio di serie

- 1 Watertight seal around lid
- 2 Automatic pressure release valve
- 3 Easy to open double throw latches with push button
- 4 Load tested soft grip handle
- 5 Holes for double padlocking
- 6 Holes for shoulder strap
- 7 Stackable interlocking system
- 8 Lightweight, impact-resistant shell
- 9 Screen printing space on the lid
- 10 Cubed foam in the bottom and convoluted foam in the lid (available as standard)

- Wasserfeste Dichtung im Kofferdeckel
- Automatisches Druckausgleichsventil
- Zweistufiger Verschluss mit Druckknopf
- Belastbarer weicher Haltegriff für hohen Tragekomfort
- Zwei Lochungen für Vorhängeschlösser
- Befestigungsösen, um einen Tragegurt anzubringen
- Stapelbar
- Leichte, schlagfeste Wandung
- Deckel bedruckbar
- Rasterschaum im Boden und Noppenschaum im Deckel standardmäßig erhältlich

- 1 Joint d'étanchéité du couvercle
- 2 Valve d'équilibrage automatique de pression
- 3 Fermeurs à double levier faciles à ouvrir avec bouton poussoir
- 4 Poignée résistante assurant une prise confortable
- 5 Double perçage pour cadenas
- 6 Points d'accroche pour bandoulière selon modèles
- 7 Rainures permettant l'empilage des valises
- 8 Structure légère et résistante aux chocs
- 9 Emplacement pour sérigraphie sur le couvercle
- 10 Version standard avec mousse prédécoupée dans le fond et mousse alvéolée dans le couvercle

PROCASE Series

Resistente struttura in polipropilene, doppie maniglie basculanti salva-spazio, cerniera in metallo e serrature professionali. Le valigie della linea Proc case sono solide e compatte. Studiate per trasportare e proteggere al meglio qualsiasi componente sono caratterizzate da una sagoma interna ben squadrata, ideale per la personalizzazione degli interni.

Durable polypropylene structure, space efficient double handles, metal hinge and professional clips. The suitcases from the Proc case series are durable and compact. Developed to safely store and transport your items, they are characterized by a nicely squared inner shape, which makes it very easy to customize

Ein robuster Körper aus Polypropylen, Doppelgriffe, Metallsplinte und professionelle Verschlüsse zeichnen diese Produkte aus. Die Koffer der Reihe "Proc case" sind haltbar und kompakt. Sie wurde entwickelt, um den zu transportierenden Inhalt zu schützen. Durch die rechteckige Form können Sie die Einlagen optimal anpassen.

Structure en polypropylène robuste, doubles poignées compactes, charnière en métal et fermoirs professionnels. Les mallettes de la série Proc case sont durables et compactes. Développées pour stocker et transporter vos articles en toute sécurité, elles se caractérisent par une forme intérieure bien rectangulaire, ce qui facilite grandement les personnalisations.

K Series

100% Recycled Polypropylene
Escluso additivi e coloranti / Excluding additives and master colors

Interni in spugna fustellata
Customized foam inlay
Kundenspezifische Schaumstoffeinlagen
Mousse découpée personnalisée

La linea "K" presenta un design elegante mantenendo pur sempre un ottimo rapporto qualità-prezzo. L'interno squadrato permette di ottimizzare le personalizzazioni interne. Possibili anche personalizzazioni serigrafiche.

The "K" line presents itself with an elegant design, while maintaining an excellent value for money. The squared inner shape allows to easily customize the inlay. Screen printed logos can also be made for certain MOQ.

Die Reihe "K" zeichnet sich durch ihr elegantes Design und einem interessanten Preis-/Leistungsverhältnis aus. Die rechteckige Form der Koffer erlaubt es, den Innenraum für Schaumstoffeinlagen vollkommen zu nutzen. Es ist möglich, ein Logo mittels Siebdruck anzubringen (Mindestbestellmenge erforderlich).

La gamme "K" a un design contemporain et un excellent rapport qualité prix. L'intérieur lisse de la valise permet d'optimiser le volume pour un calage personnalisé. Personnalisation externe: sérigraphie possible sur les deux faces. Personnalisation interne: calage en mousse découpée.
