

Ready for the next generation? From TwistPack to TwistPack Plus.

Effective December 31, 2027, TwistPack will be discontinued from our product range. TwistPack Plus, our modern successor, is already available today.

The Plus for You

- Easier handling
Optimized twist mechanism for easy opening and closing
- More safety
Improved closure with firm hold force
- Price stability
Enhanced packaging solution at no additional cost
- Modern design
Contemporary design for high-quality product presentation
- More sustainable
Optimized material use and recycled plastic

Plan in advance to TwistPack Plus

As of January 1, 2028, TwistPack Plus will be the successor to TwistPack.

We will be happy to support you with the transition – with samples, expert advice, and a customized conversion list.
